I think you're correct, and I'll revise now. Thanks Eve.

Subject: NHPA Letter

Since the letter is addressed to the Chair of the Poarch, would it be more appropriate to add information directing the Chair to the Water Director and have in member of the tribal staff? Has this been considered?

This is the last paragraph is the Poarch Letter.

We look forward to consulting with you or your designated consultation representative(s) under NHPA on Florida's request to assume the CWA Section 404 program. The point of contact for this undertaking is Mr. Kelly Laycock. Please contact Kelly at (404) 562-9132 or laycock.kelly@epa.gov should you have any questions on this matter.
